

# Dispute Resolution and Risk Management

EXPERT WITNESS AND CLAIMS ADVISORY

## *Delivering Dispute Resolution and Risk Management Controls*

**Resolute Advisory Group** specializes in dispute resolution, expert testimony, and risk management for complex construction and real estate matters. Our team integrates cross-disciplinary industry experience with deep technical expertise to deliver strategic insight, authoritative reports, and objective, defensible testimony that clients, counsel, and arbitrators rely on.

We provide comprehensive consulting services across fact finding, data analytics, claims and dispute analysis, litigation support, and project controls, supported by extensive expertise in engineering, architecture, construction management, public contracting, specification development, technical documentation, schedule development and analysis, cost and damage evaluation, negotiations, and expert witness services.

Resolute experts are seasoned in litigation, mediation, and both domestic and international arbitration. Our network includes professional engineers, certified project managers, registered architects, AACE-certified planning and scheduling professionals, financial and forensic analysts, certified fraud examiners, and industry-recognized authorities. Together, we deliver exceptional value, clarity, and innovative solutions to the challenges facing owners, contractors, developers, lenders, and legal teams.

*Clarity,  
Credibility,  
Resolution*
